

ATTENTION

ALL EXHIBITORS

Dear Exhibitor,

Thank you for your interest in Golden Acre. Due to the COVID-19 restrictions, we must ensure that we adhere to the safety and hygienic protocols to stay safe and respect those around us. Please ensure that you comply with the following measures when exhibiting in the Centre:

- Your table must never have more than two promoters at the exhibition stand and they must adhere to social distancing when communicating with shoppers. Please note that promoters should stay within boundaries of the exhibition space that has been allocated.
- Ensure that shoppers at your stand adhere to social distancing. Crowd control is of utmost importance. Please ensure that one of the promoters are always on standby to manage the crowd control at your stand.
- Ensure that your table has sufficient hand sanitiser for promoters and shoppers to last throughout your stay.
- Ensure that your promoters and the shoppers always wear their masks while in the Centre and when interacting with shoppers.
- If you are handing out products or pamphlets, please ensure that all materials are sanitised and in small plastic bags for shoppers to take with them.
- Ensure that your promoters sanitise the table, pens, artwork (or any material) after a shopper leaves your stand.
- Ensure that your promoters sanitise before communicating with a shopper and after their interaction. Remember to continually practice good hygiene for your own safety and the safety of others when visiting the Centre.
